CARDINALS WIN IN NINTH

No Less Than Eleven Runs Scored in Final Round of This Game.

St. Louis, May 4. — St. Louis staged a ninth-inning rally today, overcoming a four-run lead and defeating Cincinnati, 8 to 7. The visitors had been trailing up to the ninth, when they scored six runs. The Cardinal came back in their half and piled up five tallies with only one man out. Stock and Bohne were ordered off the diamond for disputing a decision.

Other games postponed, rain.

If Kidneys and Bladder Bother

Start with Nature's Herbs and Roots to Flush Kidneys and Neutralize Acids.

Help your kidneys—don't overtax them. Lighten your diet a little; eat less meat; drink lots of water and milk; avoid rich food.

Our blood is filled with uric acid and toxins which the kidneys strive to filter out; they weaken from overwork, become sluggish, thus the poisons get clogged and create all sorts of diseases, resulting in kidney trouble or bladder weakness and eventually in Bright's Disease, Diabetes of Gravel. If you have the slightest pain in the kidney region don't neglect it or delay; flush your kidneys with this restorative so that they may regain their normal activity.

Dr. Carey's PRESCRIPTION NO. 777 also neutralizes irritating acids, thus ending bladder weakness. Dr. Carey's PRESCRIPTION NO. 777 is made from nature's herbs, roots and barks and is recommended by doctors. It never discolors and has had 50 years of success for kidney and bladder troubles. If B. Gildersleeve and all druggists have Dr. Carey's PRESCRIPTION NO. 777. Sure relief or money back on large bottle (Tablets or Liquid). Adv.

A VERNIER VARIOMETER.

The radio experimenter seems to be demanding extremely fine adjustments of everything in a radio set. A vernier variometer is, however, something very novel indeed. Its advantages are, of course, quite apparent in certain types of circuits. The illustration shows the type which comes unmounted and may be used in the construction of a cabinet receiving set. The mounted type is exactly the same, except that it has a front and back support and binding posts for connections. Only the unmounted type

American Radio and Research Co., Medford Hills, Mass.

tion shows the type which comes unmounted and may be used in the construction of a cabinet receiving set. The mounted type is exactly the same, except that it has a front and back support and binding posts for connections. Only the unmounted type

is shown, since the construction can best be seen in that type. The vernier variometer is really a miniature of a regular variometer, with some slight constructional changes, in addition to size reduction. There are four single layer coils, wound on small bakelite bobbins. The inductance range is equal to that obtained between two scale degrees on the usual type of variometer dial. The two upper coils are fixed in position and form the stator, while the two lower coils are mounted on a shaft and form the rotor. The shaft, which passes through a sleeve, has a bakelite knob mounted at its other end.

The use of such a vernier inductance adjustment eliminates all shunt capacitance in a short wave regenerative receiver. It is the latest device for tuning and "holding" continuous waves after they are once tuned.

TRADING ACTIVE IRREGULAR CHANGES

Money Market and General Industrial Conditions Helpful; Million-Share Mark Again Passed

New York, May 4. — Trading in stocks today was very active, at irregular price changes. Dealings were more comprehensive, although oils and petroleum again bulked large in the operations of pools. Incidentally the day marked the 25th consecutive full session in which transactions ran over the million share line.

The money market and general industrial conditions were helpful factors in the main. Call loans eased with the progress of the session, opening at 4½ per cent but dropped to 3½ per cent at mid-day. In private offerings, loans on demand were made as low as 2½ per cent.

Technical conditions seemed to prompt an extension of the profit-taking movement but it was not until the final hour that the selling assumed formidable dimensions. Reactions of one to three points then occurred on offerings of steels, motors, equipments and some of the oils.

Pressure was most clearly reflected in Republic Iron, Studebaker, Baldwin, Mexican Petroleum, Texas Company and Standard Oil of California, these closing at net losses of large fractions to 2½ points.

On the other hand, Brooklyn Rapid Transit, which featured the day's lively dealings in local tractions finished at a net gain of 3½ points and Kelley-Springfield, Standard Oil of New Jersey and Houston Oil were materially higher.

Rails were in better demand than at any time since lower freight rates became a debatable question, their absorption being attended by more favorable statements of earnings. In that group, however, gains were more or less impaired by the later reaction, these closing at net losses of one to three points.

Immediate absorption of the Allied allotment of the nine million pound coffee loan in this market today indicated that the demand for foreign underwritings by investors had none of its recent strength.

Less activity than usual was evinced in the Liberty series, but that group almost as a whole rallied in variable degree from recent reactions.

D. & H. SEASON OPENS MAY 13

Brodie's Men to Have First Work-Out Tomorrow at Cobleskill—Davis Will Twirl Again for Railroad Champions.

James F. (Gentleman Jim) Brodie, while in the city yesterday announced that the Susquehanna Division baseball team will have its first work-out at Cobleskill Saturday, weather permitting. As the opening game is only a week off, the boys plan to put in some good practice work during the ensuing few days. Superintendent Leamy has appointed Brodie manager and captain of the team, with Ernest Damschke as assistant.

Jim and the men of his team are setting out to repeat last year's trick, when they won the championship of the D. & H. system by defeating the Generals on the Oneonta diamond, 1 to 0. This game, on September 23, was one of the greatest ever played here. "Lefty" Davis pitched shut-out ball, allowing only two hits and fanning eight men.

Davis will be Brodie's chief boxman again this year. In addition to his baseball work, he is a D. & H. telegrapher. He has pitched many good games on the Neahwa park diamond and local fans will be glad to know that they will have an opportunity to see him in action again. Rabbit will be another member of the pitching staff. Brodie has secured Sinstack, now a D. & H. employee, to catch and he will probably be in most of the games, although his duties in a like capacity with the Oneonta Giants may prevent him from taking part in all.

Manager Brodie expects a large number of candidates out for the first work-out Saturday. By a process of elimination the best players will be selected and as there is abundant material along the Susquehanna division, Brodie should have a winning team again this year. The first game scheduled is for May 13, a week from tomorrow, when Brodie's men will go to Carbondale to play the Pennsylvania division team. Local fans will watch with interest the outcome of this initial contest.

On May 27, at Watervliet, the team will have the generals as opponents in what promises to be a battle royal. Previous to this, on May 20, the team will play at Colonie the combined aggregation representing the Saratoga and Champlain divisions of the D. & H.

SCHENEVUS NEWS DIGEST.

"Bashful Mr. Bobbs" Coming—Results of School Meetings.

Schenevus, May 4.—The Senior class of the Davenport High school will present the comedy farce, "Bashful Mr. Bobbs," under the auspices of the senior class of the local high school on Friday evening, May 12, in Chase and Bennett hall. The play was given two successive nights in Davenport and every report indicates that it was well rendered and was a success in every respect. It is expected that a large audience will greet them when they come to Schenevus.

Bad Luck for Roberts.

Leslie Roberts, who recently purchased the Frank Fancher farm on Smoky avenue, discovered last evening that one of his cows belonging to his dairy herd, did not return and this morning two of the Roberts' children made a search and discovered the

animal with her neck broken at the foot of a steep embankment a distance away from the pasture land. This is but another loss Mr. Roberts has had since moving on the farm. His best of three horses ran away some weeks ago, receiving injuries so serious it had to be shot.

An Enjoyable Hike.

Fifteen of the Nene Mooshas went for a hike Wednesday afternoon with their chief, Pauline Chase and scribe, Laone Kern, as leaders. A wondrous roast and toasted marshmallows up at the pines added greatly to the enjoyment of the outing.

Improvements to Chase Property.

John W. Chase has started improvements on his property up Smoky avenue. The farm consists of 71 acres and has an abundance of excellent springs. Scaffolding is now erected for painting the house, ditches are being dug to pipe water to the house from the Pine Hill section and an ice house and new milk house are to be built.

Among the Convalescents.

Mrs. John W. Chase is gaining steadily and while the use of the left hand is not possible, Mrs. Chase is taking treatments for the successful return to complete health.

John Germond of South Hill was able to return to his own home from the John Utter farm Wednesday. He is gaining steadily and although able to be around will be required to wear bandages on his face and head for fully a month longer.

Miss Helena Swackhamer, bookkeeper at the Chase & Perry garage, has been ill at her home for the past

ten days and is now sufficiently recovered to visit her sister, Miss Leona Swackhamer, at Cooperstown.

School Officers Elected.

Truth Seekers Enjoy Music.

The Truth Seekers met at the home of Mrs. Philip H. Briggs on Upper Main street Wednesday evening. Seventeen members and two guests were present. After the business session a musical program was greatly enjoyed. Mrs. Margaret Boorn rendered a piano solo in finished technique; Mrs. Briggs a soprano solo in charming voice, and a piano duet by Mrs. Hebler and Trish was executed in a brilliant style. Refreshments were served by a committee.

Personals.

Mrs. J. J. Higgins of Princeton, N. J., and infant, arrived in town Wednesday and are visiting her parents, Mr. and Mrs. Matthew Brady, on Race street. — Miss Grace Lowell is confined to her home with an attack of grip which is so prevalent in this vicinity. — New flooring has been placed in the porch entrances of both the post office and the Larue shop. This property belongs to Manahoe Lodge, No. 908, I. O. O. F. — Richard Mead has been confined to his home

for a couple of days with the grip. — Mr. and Mrs. Perry Burdick of Oneonta were visiting Mr. and Mrs. John Ketchum Wednesday. — The town clerk issued one marriage, one hunting and one non-resident angling license during the month of April. — Miss Irene Smith, daughter of Mr. and Mrs. C. T. Smith, is mourning the loss of her beautiful shepherd dog, a great family pet, which was run down and killed by an automobile on Wednesday.

RESPECTED DELHI WOMAN.

Mrs. Charles Palmer, 72, Had Been Invalid for 14 Years.

Delhi, May 4. — Mary A. (Gladstone) Palmer, wife of Charles Palmer, died at her home on Second street, Delhi, Tuesday morning, about 5 o'clock, aged 72 years. She had been an invalid for 14 years and a great sufferer from asthma, from which she could get no permanent relief. She was the daughter of Mr. and Mrs. William Gladstone and was born in Bovina, in which town her girlhood was spent. After her marriage to Mr. Palmer they continued to reside in Bovina for 12 years, returning to Delhi in 1882. Eight years ago they removed to the village which has since been their home. She was a woman of fine traits of character, devoted to her home and family and beloved by many friends. She is survived by her husband, one son, William, who occupies the homestead farm at East Delhi, and two daughters, Mrs. Leslie McNaughton of Delhi and Miss Mary Palmer, who lives at home and who has tenderly cared for her during her long invalidism; also by seven grandchildren. Her funeral was held today at the Methodist Episcopal church, conducted by her pastor, Rev. Grant Robinson; burial at Bovina Center.

Mrs. Williams Improving.

Mrs. C. H. Millsbaugh and little daughter have returned to their home in Middletown after spending some time with her mother, Mrs. S. Williams, who has been very ill but is now improving.

Mr. Makely in New Charge.

Rev. George N. Makely will preach at his new charge in Camden, N. Y., on Sunday next and the Second Presbyterian pulpit here will be occupied by Rev. Mr. Haynes of Hobart.

Academy Faculty Complete.

The faculty of Delaware academy is now complete for next year. Miss Lincoln has reconsidered and decided to remain as eighth grade teacher. Miss MacIntee has resigned from the seventh grade and Miss Lillian Webster, a Genesee Normal graduate, is teaching in Troy. It has been secured for this grade. Other new teachers will be Miss Crawford of Mechanicsville for drawing and Miss Marguerite Livingston of Smith college for English.

Mrs. Gleason Regains Sight.

Mrs. H. W. Gleason and Mrs. William Gleason arrived from New York last evening and will pass the summer in town. The latter is regaining her sight after an operation for cataracts and rejoices in being able to see her many home friends once more. She is more than 80 years young.

Uniforms for Firemen.

It is expected the entire Delhi fire department, about 100 men, will soon have new uniforms of blue serge, a lighter weight and more serviceable material than that of the department now in use. The matter was taken up at the meeting of the department on Tuesday evening, and it was decided to place the order with W. B. Thompson, the Delhi clothier, upon deciding upon the style of uniform. A meeting will be held tomorrow, Friday, evening to settle the matter. The department has placed with Mr. Thompson an order for fifteen rubber coats to be used for the protection of firemen in fighting fires.

Personal Mention.

Mrs. Francis Roedel of Sagaponack, L. I., is with her parents, Mr. and Mrs. Matthew Davidson, for a few days' visit. Mrs. George Butts of this village, who has been with her daughter, Mrs. Harry Carruthers, at Arlington, N. J., since leaving the hospital in New York where she underwent an operation early in the winter, accompanied Mrs. Roedel, and went on to East Meredith to the home of her daughter, Mrs. Earl Roberts. Mrs. Butts is still in a weak condition and unable to look after her home as yet. — Miss Mary Lamont, the Delhi cateress, goes to the home of C. R. Gladstone at Downsville tomorrow to assist in the culinary preparations for the wedding of Mr. Gladstone's daughter, which wedding is to take place Saturday—

TRUE FRIENDS OF IRELAND

A cablegram sent the other day by a group of Americans, to Michael Collins, head of the provisional government of Ireland, reads as follows: "Americans will give no financial or moral support to the attempt by the opponents of the Irish Free State to support their policy of violence, which can only result in fratricidal strife, the return of the English to Ireland and the frustration of all Irish hopes of independence."

This cablegram was signed by a Roman Catholic bishop, several priests of Irish descent, a municipal judge, a county prosecutor, the chairman of the American committee for the relief of Ireland, the president of the Friends of Irish Freedom, a state president of the same organization, the president of the MacNevin club, a national director of the Ancient Order of Hibernians and several private but influential citizens of Irish birth or ancestry.

This is the kind of thing that helps peace. There has been too much dependence on the dollars of America to further strife abroad. This indication that, although there were dollars to aid self-respecting independence, there are none for malicious incitement to civil war, is a declaration which ought to make friends of Ireland, here and abroad, take sober thought as to the consequences of their words and actions.

GERMAN "DUMPING"

One of the most interesting revelations regarding the "dumping" of cheap German products upon the American market is a statement from Elmer Dover, assistant secretary of the treasury. Mr. Dover says that "gold-filled, six jewel watches, carrying twenty-year guarantees," are being sold by German manufacturers in this country for 60 cents, and with the duty paid, the total cost to the American importer is 78 cents.

The first and most natural reaction of the average citizen to this piece of news is a feeling that he'd like to be able to buy one of those watches. Reflections as to the ultimate evil of "dumping" come afterward. It is considerable of a shock, then, when the eager citizen learns from Mr. Dover that the aforementioned watches are being sold by some American retailers for \$10 apiece.

That is one way of protecting the American market from cheap German products, but it is a way that does not commend itself to the average consumer. If there is to be any benefit from cheap foreign products, why not divide it up.

THE PRESENT RAINFALL.

Relieves Farmers From Anxiety as to Condition of Pastures.

Forecaster Todd of the Albany Weather bureau says that the rain which started yesterday and which, he states, will continue today, is unwelcome to the farmers on account of plowing and sowing being retarded. While this may to an extent be true, farmers in Otsego and Delaware will balance the good against the bad and will find as much to please as to displease in the change of weather conditions. The ground, on account of comparatively light rainfall in April, and none since, had become dry and the growth of spring pastures had been materially retarded. In seasons like the present, when the cost of grain has not followed that of milk on the downward way, it is of importance that the pastures make an early start in order that before long the cows may be feeding in the fields instead of from the manger.

For this reason the farmers will generally welcome the rainfall, even though the team and hired man with the plow must lay off for a day or two.

BISHOP COADJUTOR ELECTED

Rev. G. A. Oldham Assistant to Bishop Nelson of Albany.

At the annual convention of the Protestant Episcopal diocese of Albany, held on Wednesday afternoon at the guild house of the cathedral in that city, the Rev. George A. Oldham, rector of St. Ann's church of Brooklyn, was elected on the first ballot as bishop coadjutor of the diocese. There were 53 clergy and 34 laymen for Oldham to 13 clergy and 25 lay for the Ven. Rev. Rolf H. Brooks, archdeacon and rector of St. Paul's church in Albany, who stood among the candidates named.

The election, which is understood to have met with general approval, must be followed by the formal consent of the elected bishop, and later by the assent of two-thirds of the bishops of the Episcopal church in the United States. As considerable time will be required for the steps above outlined, it is not likely that the consecration will take place before midsummer.

The Wildly Anniversary Picnic. Please take notice that all Odd Fellows and Rebekahs and their friends are expected to be at the temple to-night to join in a good time and celebrate the One hundred and third anniversary of Odd Fellowship in the U. S. A.

All ladies bring a covered dish and a few sandwiches; also two small pieces of cloth or ribbon that match, do not forget this.

Dates of Baptist Association.

The Otsego Baptist association will hold its annual meeting at Mt. Vision this year on June 7 and 8. This is earlier than was announced, but the committee in charge has thought best to make this change on account of the meeting of the Northern Baptist convention, which convenes the week of June 14 and 15, the date formerly set.

PRESS AND CURRENT TOPICS

The Real Thing.

It was John Wesley, the great founder of Methodism, who in a sermon on dress and excusing the performance of certain work on Sunday, declared that "Certainly this is a duty, not a sin, for cleanliness is next to godliness."

We wonder whether, in these modern times, when the great danger from filth is more recognized than it was in the time of John Wesley, the old preacher would not be willing to declare that Cleanliness is Godliness.

Clean water and food, clean homes and premises, clean clothing, clean people, clean thoughts and acts, clean streets and communities, clean reading—all of these are things that go to make up godliness, and are themselves godliness.

This is called "Clean Up Week" in this and a number of neighboring cities, and the better and more thoroughly it is observed the better for each individual in those communities. —[Utica Observer-Dispatch.

A Comedrum From the South.

Kentucky boasts of having led the States in tobacco production since 1869. What we would like to know is, which of the forty-seven other States now leads Kentucky in Whiskey production? —[New Orleans Times-Picayune.

How Long Sentence?

"White men in Georgia found guilty of lynching Negro and sentenced to the penitentiary." —[Savannah News.

Negligence!

Judge—What's this man charged with, officer? Cop—Careless walking, yer honor. He bumped into a truck and bent both fenders and the radiator. —[The American Legion Weekly.

Advance and Retreat.

"Good salesmanship," remarked the business man "depends a lot on the method of approach."

"Yes, and also on the line of retreat," replied the man who began his career as a book agent.—[New York Sun.

For Clergymen's Scrap Book.

Following the marriage ceremony, the groom called the minister aside and inquired the price of the service.

"Well," said the minister, "you may pay me whatever it's worth to you."

"Be reasonable!" growled the groom. "This woman inherits \$1,000,000 on her twenty-first birthday." —[California Pelican.

The Noble Army of Martyrs.

Prohibition is developing a race of martyrs. Take the man for instance, who forced to drink and praise his neighbor's home brew because it was made from his recipe.—[St. Thomas Times-Journal.

Marriages in Heaven.

Now that they are marrying 'em in airplanes 5,000 feet in the air, the theory that marriages are made in Heaven may receive some confirmation. But "listening in" by radio on the kissing business smacks of impertinence.—[Troy Times.

A Lost Victory.

The garment workers of New York city won a great strike because their leader, Benjamin Schlesinger, was able to convince the public that they were in the right. Not only did he get public opinion behind them, but he fought their case successfully in the courts and secured an order enforcing the carrying out of the contract which the employers had made with them.

Schlesinger was convinced from the beginning that the laws of this country are just and its people are fair minded. He believed that an honest cause could win, and he proved it. Now the Communists among the garment workers have succeeded in forcing Schlesinger out of his leadership, which means that the victory he won for them has been lost by their own stupidity. —[New York Tribune.

ARBOR DAY AT CHESTNUT ST. SHORTCAKE FROM RHUBARB

Exercises Include Dedication of a Tree to John Burroughs — All Public Schools of Oneonta Observe the Day.

Arbor day will be observed at the Chestnut Street school, Friday morning at 9:15 o'clock, with a fine program of songs and recitations reflecting the spirit of the day. The pupils and teachers have been hard at work for the past few weeks preparing for the entertainment to be given for Arbor day, and the exercises will be most interesting and entertaining. Parents and friends of the school are most cordially invited to attend. The program will be as follows:

Song—"Springtime Is Coming," by the School Chorus.
Reading—"Significance of Arbor Day," by Gladys Schiffer.
Recitation—"Nature Is Calling," by Frances Gransbury.
Solo—"The Spring Door," by Violet West.
Recitation—"Planting a Tree," by Billy Blake.
Song—"Bluebird," by the School Chorus.
Recitation—"Little Birdie," by Lucy Bemiss.
Song—"Robin Redbreast," and "Peep, Said the Little Bird," by the First Grade.
Recitation—"The Springtime," by Mildred Turk.
Solo—"The Tree's Friends," by Joseph Pondolano.
Recitation—"Little Gypsy Dandelion," by Pauline Scarsie.
Recitation—"The Dandelion," by Fonda Verbeke.
Song—"The Little Gardener," and "Bunny Rabbit," by the Second and Third Grades.
Recitation—"The Secret," by Donald Simmons.
Piano Solo—"Bluebird," by Harry Frary.
Recitation—"Talking in Their Sleep," by James Young.
Song—"April Showers," by the Fourth, Fifth and Sixth Grades.
Recitation—"The Critic," by Nelson Lutz.
Songs—"Birdie's Ball," and "Gold and Crimson Tulips," by the First, Second and Third Grades.
Recitation—"The Tree," by Alice Goddard.
Song—"The May Queen," by the Sixth, Seventh and Eighth Grades.
Recitation—"A Secret," by Nellie Bustfield.
Reading—"An Arbor Day Myth," by Lulu Shaule.
Song—"Daisy Bud," by the School Chorus.
Recitation—"The Crocus Soliloquy," by Anna Proper.
Song—"Bob White," by the School Chorus.

The assembly will then adjourn to the school grounds, where a tree will be dedicated to John Burroughs, the address of dedication being delivered by Gerald Termoning. The exercises will be closed by the singing of America.

Arbor day will be observed in all the public schools of the city on Friday morning. The programs for the high school, the grades at Academy street, East End and River street have been printed in previous issues of The Star.

LOCAL MENTION.

—Members of Company G held a very enjoyable private dance in the company parlors at the Army last evening. Music was furnished by the Company G four.

—Members of the High school basketball squad held a dinner at Kennedy's restaurant last evening at which the highly successful season was pleasantly viewed in retrospect.

—Mail between the postoffice and union station is now delivered by C. J. Sherman, who temporarily has taken up the work in place of O. M. Teed, who finished his service on Wednesday.

—A report reached The Star office last evening that a woman had been instantly killed in an automobile accident between Maryland and Collierville yesterday. The report was thoroughly investigated and found to be without foundation. Corners Getman and Sloan had heard nothing about it and telephonic inquiry to persons living in and between the two towns disclosed the fact that none in that section had even heard the rumor.

ONE YEAR'S WORK.

Some of the Accomplishments Since Community House Was Established.

The annual meeting of the Community association will be held in the Community house next Monday evening, May 8th. It has been almost a year since the house was opened; the most significant year of health and social work in the city of Oneonta.

A year ago there was not a regular clinic in the city. Now there are three. There was not a visiting nurse in the city. Now there is one who is extremely busy all the time. A year ago social problems were turned over to the police or Commissioner of Charities. Now it is one person's business to care for such problems in the best possible manner.

One year ago there was one troop of Girl Scouts. Now there are three. The Boy Scouts have been given a home. There is an assembly room where all people are welcome to hold meetings.

In short, most of this work has been a year's growth and development. It has been made possible because there was a Community house and community interest to back it.

Every citizen who is interested in this community development is urged to come to this annual meeting Monday evening, May 8th at 8 o'clock.

Meetings Today.

The P. H. C. degree team will hold a fine social with Miss Libbie Terrell 4 Cedar street, tonight. Bring usual refreshments.

The L. T. L. will meet in Salvation Army hall at 4 o'clock today.

All members of the Brotherhood of Railway Carmen are requested to attend the regular meeting this evening at Trainmen's hall. Business of importance.

The meeting of the Woman's Foreign Missionary society of the First Methodist Episcopal church will be held this afternoon at 2:30.

Regular meeting of Women of Mooseheart legion will be held tonight at 7:30 o'clock at club rooms on Dietz street.

The Woman's Home and Foreign Missionary society of the River Street Baptist church will meet this afternoon at 2:30 at the home of Mrs. Harry Hawkins on Miller street.

ROTARY CLUB LUNCHEON.

Weekly Meeting Addressed by William A. Harris of Boston.

William A. Harris, who is associated with a large roofing corporation of Boston, gave an interesting talk at the weekly luncheon of the Rotary club of Oneonta held yesterday noon at the Hotel Oneonta. He stated that building construction this year in 1922, the banner year in building in recent years, which could be taken as a barometer of stabilized business conditions generally. He likewise told the Oneonta Rotarians of his recent trip to the Panama Canal zone and of his experiences as a member of the Boston Rotary club.

At the request of the commander of the Second Army corps, each member of Oneonta Rotary was given an application blank for the Citizens' Military Training camp this summer, on which to recommend a young man of good character standing and ability for enrollment at the camp. Any young man in Oneonta desirous of attending the C. M. T. camp this summer is urged to speak to a Rotarian regarding his application.

SHOP MEN TO RESUME WORK

Car Shops Will Take Back 150 Men on Monday—Mechanical Departments May Reopen—Conditions in Train Service Improving.

Heavy repair work will start again in the D. & H. car shops here on Monday next, May 8, and 150 of the 250 men laid off on April 21 will be called back to work on that date. It was announced by company officials last evening. It is not known how long the work will last but it is hoped that another layoff will not be necessary. Doubtless nearly all of the men laid off will report on Monday and it will be necessary to pick the 150 from those first on the seniority list.

Master Mechanic Donnellan has received no orders concerning the opening of the boiler shop, blacksmith shop and machine shop, closed indefinitely on April 21, but is expecting instruction today. It is not known how many, if any, men will be taken back in those departments.

Further indication that business is picking up to some degree on Wednesday is the fact that on Wednesday four locomotives, put in storage with others when lack of business compelled a curtailment of expenses, were put back into service with their crews. This move gives more work to train service men all the way around. Division Superintendent Leamy stated last evening that some coal was now being moved and that it might be necessary in the near future to put more stored locomotives into service.

A dispatch in an Albany paper yesterday stated that the D. & H. shops and foundry at Colton would reopen Monday morning and that 1,100 men would be put to work on the start.

CITY CLEAN-UP PROGRESSES

Rubbish Wagon, With Extra Helper, Will Visit Fifth Ward Today—Boy Scout Volunteers Wanted.

A few Boy Scouts would aid the Clean-Up campaign and the committee if they would report at Boy Scout headquarters shortly after 4 o'clock this afternoon to circulate the Star ward, by automobile. The Boy Scouts have given energetic and valuable service to the Clean-Up week committee, and a large share of credit for the success of this year's campaign is due them and their scout master, Dr. C. I. Biederman. The Fifth ward was circled yesterday by Scouts, supervised by H. C. Getman.

Due to the large quantities of rubbish being placed along the curb in the various wards for free collection by the team and wagon furnished by the Board of Public Works, the collection has been somewhat behind schedule and the driver was unable to complete the Fourth ward yesterday.

In order to complete the collection today in the Fifth ward, and tomorrow in the Sixth ward, another man is being assigned to aid in loading the wagon.

Without question, Clean-Up week has been the most successful of the annual campaigns conducted in Oneonta in recent years. Practically every household has evinced the spirit of co-operation by picking up and slipping up their premises, and fixing up and painting up where needed. Although the rainy weather may retard the success to a slight extent in the Fifth and Sixth wards, it is earnestly hoped by the committee that the last two days of the campaign will be fully as successful as the first four.

VAUDEVILLE SUPREME.

Bill at Oneonta Theatre the Most Satisfying Yet Presented—Betty Washington, Violinist, Wins High Rank.

There is vaudeville and vaudeville. Some acts are rotten, others merely by and some are good. Others are excellent and the three acts at the Oneonta theatre the last half of the week fall in that category. Top-notchers all three, the kind that seldom visit a theatre in a small city.

Heading the bill is the Capps family, composed of ten talented artists running the scale in respect to ages. They sing, dance and play various instruments, presenting an entertainment both unique and satisfying. The next act is Betty Washington, to whom, although she is not advertised as the headliner, the writer accords the first rank of merit. Youth, beauty and talent are universally admired when possessed severally or collectively and Miss Washington has all three.

Nothing else appeals to you, the sobbing lit of her violin as she draws the bow with consummate grace and skill is alone worth the price of admission. Rounding out the bill with a touch of rare comedy is Archie Foulk who has a "tramp act" that has a wide appeal. The feature motion picture is both a surprise and a delight, Marshall Neilan's "Bits of Life."

LESLIE COUSE INJURED

Young Man Suffers Concussion of Brain and Lacerated Scalp When Car Driven Recklessly by Waverly Woman Knocks Him Down at Corner of Main and Chestnut Streets Yesterday—Injuries Not Serious.

Leslie Couse, 22, of South Side, employed by the local Buick sales agency suffered a concussion of the brain and severe lacerations of the scalp when he was knocked down by an automobile driven by Miss Mary Sylsburg, 24, of Waverly, at the corner of Main and Chestnut streets at about 12:45 p. m. yesterday. He was taken to the Fox Memorial hospital and given medical attention by Dr. C. H. Marsh. It was reported at the hospital last evening that his condition was favorable and that it was not thought that he was seriously injured.

According to witnesses of the accident, Miss Sylsburg, who in company with her mother, Mrs. Maria Sylsburg, was driving from Waverly to Kingston, came down Chestnut street toward Main at a rate of speed estimated at between 20 and 25 miles an hour and instead of slowing the dummy policeman cut in between it and the curb on the wrong side of the street. Couse, who was crossing the street toward Marsh's store, had reached the car tracks and should have been out of danger from automobiles coming down Chestnut. He saw the Sylsburg car, bearing down upon him and tried to dodge it but was unable to do so and was struck across the back by the right front fender and knocked to the pavement. He lay between the car tracks, which are close to the curb at the corner, so it can be seen how far out of its lawful path was the car.

The accident was witnessed by several persons and it is their unanimous opinion that Miss Sylsburg was driving at an excessive rate of speed and that she was entirely to blame for the accident. She stopped the car as soon as possible and after ascertaining how badly Couse was injured reported the accident at police headquarters. She stated that she had driven the car, a Nash, but two weeks and was inexperienced as yet. Miss Sylsburg told the officers that she did not see the dummy "cop," which, of course was no excuse for cutting the corner.

After the officers had gone over the matter with City Judge Huntington it was decided to prefer no charges against Miss Sylsburg and she was allowed to proceed on her way to Kingston.

AMERICAN LEGION DANCE.

Committees for the Sale of Tickets Appointed.

The local American Legion post is making extensive preparations for the American Legion ball to be given at the armory, Thursday, May 11. They are going to call it a "ball" for old time sake, but they wish it understood that the dance is not to be formal in the least degree and that everyone who has the price of admission is most welcome, whether he is an American legion member or not.

The services of Zita's orchestra have been secured as has been previously announced.

The committee for the sale of tickets, which are \$1.50 each, is as follows: M. H. Newcomb, at Roman's store; H. C. Getman, at Oneonta Coal & Supply company; R. W. Henderson, at Carr Clothing company; H. C. Sackett, at Wilber National bank; J. A. Sitts, at Bulck agency; Earle Hay, at D. & H. office; Dr. L. S. Delamater, at Dr. Baylis' office; and Raymond M. Tucker, at Oneonta Optical company.

At the dance given by the American legion last fall there were nearly five hundred persons present, and it is hoped that the attendance this year will exceed that of last year. The proceeds are for the benefit of the local post, which at present is most desirous of raising funds for a clubhouse.

BOWLERS' BANQUET TONIGHT

Gold, Silver and Bronze Medals to Be Presented Winners of Y. M. C. A. Bowling Tournament.

The members of the Y. M. C. A. bowling tournament will hold their annual banquet at the Y. M. C. A. tonight, with all indications pointing to a jolly evening. Ever since the tournament ended on March 20, the banquet has been the subject of paramount interest among "Y" bowlers, and it is expected that 30 or 40 men will be in attendance.

The supper will be served at 6:30 o'clock by the Ladies' auxiliary. This will be followed by one or two addresses, some singing and the presentation of medals. All men who took part in the tournament are invited and those who have not turned in their cards are requested to notify Secretary Lange by noon if they expect to be present. Men not entered in the tournament who desire to attend may do so by making arrangements with Mr. Lange between 10 and 12 this morning.

Medals are to be presented to the following: Gold medal to Harry Lambros for the highest average during the tournament—188. Although W. S. Roworth had an average of 189, he did not participate in two-thirds of the games and was required under the rules. Silver medals to Dewey Thomas for the highest single game of the tournament, 237, and to J. E. Forner for the highest three-game total, 654. Bronze medals to members of the winning team, the Cubs, who won 34 of the 54 games they rolled.

The medals, which have been on exhibition in Brighton's jewelry store for the past few days, will be presented with appropriate remarks. All in all, the banquet promises to be one of the biggest events of the year at the "Y."

FOR ARMENIAN RELIEF

Mayor Miller Announces Appointment of Committee to Superintend Collection of Cast Off Clothing.

Mayor C. C. Miller announced the appointment yesterday of a committee consisting of a representative from each ward and two at large to assist in the collection of castoff clothing for Near East relief work. The committee is composed as follows: First ward, H. D. Alden; second ward, A. J. Bookhout; third ward, Harry C. Bard; fourth ward, Keith Ormiston; fifth ward, Albert Hutcheson; sixth ward, B. L. Gates; at large, Captain William Harrison, of the Salvation Army and Charles H. Bell.

The collection of the garments will be made about May 15 and will be for the relief of suffering Armenians. Children's clothing is especially desired. Last year Oneonta and vicinity contributed 1,400 pounds of clothing. Through the efforts of the citizens of New York state 110,000 children were clothed comfortably in Russian orphanages.

St. James' Guild.
The ladies of St. James' guild met in the parish rooms at 2:30 Thursday afternoon. The afternoon was spent in tying a comforter. The attendance was not good as usual owing to the unfavorable weather. At the business meeting it was decided that the entertainment for the choir, boys and the boys of the Sunday school should be postponed until a later date on account of illness at the rectory.

Funeral of Mrs. H. L. Pierce. The funeral of the late Mrs. Henry L. Pierce was held Thursday at 2 p. m. at her late home on Fourth street in this city. Though the service was private, many neighbors and personal friends were present, and a profusion of floral tributes was evidence of the high esteem in which she was held.

The service was conducted by her pastor, Rev. Dr. B. M. Johns of the First Methodist Episcopal church, who followed the reading of appropriate scriptural selections with a brief address full of consolation for those who remain and of appreciation of the life and Christian character of the departed. Burial was in the Plains cemetery, the bearers being C. E. Fath, Charles Bingham, William Richards and Dexter Marble, former neighbors of the deceased.

Among those present from out of the city were Mrs. Stacy Wilson, Mrs. Alice Marsh and Miss Minnie McKelley of Middlefield, Mrs. Ralph Ainslie, Mrs. Daniel McKie, Mrs. Mary Turner and Mrs. Ella Hill of Hartwick and Mrs. William E. Morris of Herkimer.

AGED MAN PASSES AWAY

Merlin Morse, One of Oldest Residents of New Lisbon, Dies Suddenly Thursday Morning.

New Lisbon, May 4. — Merlin Morse, one of the oldest residents in New Lisbon, died very suddenly this morning. Although he had been in poor health for about two years he seemed as well as usual and after doing the chores the home had gone to the postoffice for his morning mail when he was suddenly stricken and died within a few minutes. He was 84 years old, and was born and had always resided in New Lisbon. He was twice married. His first wife was Sarah Johnson who died several years ago. A few years after her death he married Cora Salisbury who survives him. He leaves also three children by his first wife, Clark and Andrew of McDonough, and Mrs. Fred Lull of West Laurens, one brother, Stephen Morse, of New Lisbon and several grandchildren. His funeral will be held at his late home Sunday at 1 o'clock, the Rev. E. E. Hutchinson officiating. Interment will be in Hillington cemetery.

Enjoyable D. A. R. Meeting.

There was a large attendance at the meeting of the Oneonta chapter of D. A. R. held yesterday afternoon at the home of Mrs. Arthur M. Curtis, 84 Maple street. The hostesses were Mrs. Curtis, Miss Caroline Hurlbutt and Miss Marjorie Russell. After a short business session, the members were delightfully entertained by Mrs. Wilbur Lynch, who recited a number of poems, which were listened to with great enjoyment. Miss Irene Posthill of the Normal faculty sang two very pleasing selections, after which delicious refreshments were served by the hostesses.

GHOST HAS APPETITE

Widow's Shotgun Squad Loses Goat to Hungry Spook.

Is Heard at All Hours of the Night, but Is Never Seen—Carries Off Two Sacks of Flour and 50 Pounds of Sugar.

Waukegan, Ill. — Although four neighbors, armed with shotguns, maintain nightly vigil at the home of Mrs. Catherine Mitakowich, a hungry ghost, who has demitted himself there, continues to be heard but not seen. Except on Mondays. He has Mondays off.

They've heard him at all hours of the night. And occasionally he has made his presence felt in other ways. For example, Michael Dezona, a cigar manufacturer, tells how:

"One Friday morning at 3 o'clock there was a funny noise at the door. The room was in darkness. I was striking a match to light a cigar. The door flew open, the match was blown out, and a hand grabbed me by the neck, choked me, and then hit me on the nose. I called to Jack Schlosser, the teamster, but the hand disappeared before we turned on the lights. I'm a brave man, but it made me nervous." The ghost has taken ways. He took two sacks of flour and 50 pounds of sugar. The other night Mrs. Mitakowich heard him in the cellar. He was making a noise like target practice. When the vigilante squad arrived there the remnant of the winter's supply of coal was tossed all about the place.

And Daniel, her eldest boy, dreamed the ghost walked into his bedroom one night and said: "Hello, kid." Daniel awoke the next morning to find his bed had been moved from one side of the room to the other.

"It all got my goat so," said Jerry Womka, who used to live above Mrs. Mitakowich, "that I moved. We couldn't sleep or anything. The ghost used to carry on at all hours of the night."

The shotgun squad now maintaining vigil comprises Antonio Carrison, Waukegan cobbler; James Shanes, George Mastro and Sam Surlas. They do not, they aver, believe in spooks. Still, they never separate during the wee sma'.

First information of the ghost was made public when Mrs. Mitakowich appealed for protection to Father Joseph Lauerman, pastor of St. Joseph's church, of which she is a member.

"He'll eat me out of house and home," said Mrs. Mitakowich, who is a widow. "I don't know who he is, but he can't be my husband's ghost. My husband never had an appetite like that."

In the Vermont Legislature. In Vermont the state senate is composed of thirty members, one from each county, and the lower house is made up of one man from each township in the state.

Friends Can Do Much Harm. If a cause be good, the most violent attack of its enemies will not injure it so much as an injudicious defense of it by its friends.—Colton.

Go to Extremes. "Some men's ideas of personal enjoyment," said Uncle Eben, "is so pernickety, dey'd like to make it agin da law foh anybody to be a policeman."

Why Have High Blood Pressure? Geo. S. Slade is now dispensing a new physician's prescription that does reduce high blood pressure.

Just ask for NORMA—a purely vegetable combination used in private practice for years with wonderful success and only lately offered direct through druggists.

If you have dizzy spells, are nervous, restless or moody, and don't sleep well then you probably have high blood pressure and don't know it.

NORMA is for high blood pressure and nothing else and one bottle will prove it. Many women at the important change in life have found it the only remedy that is of help. You can get it at George B. Slade, and all good druggists. Ask for NORMA.

ANOTHER WHAT IS IT

Do you know it? Well it was seen at the race track at New Orleans. Its owner describing it as a cross between a honey bear and a monkey. It is docile and tame, and makes an excellent house pet.

"Fifty-four Forty, or Fight." "Fifty-four Forty, or Fight," was a cry adopted during the northwestern boundary discussion by those who disapproved of yielding our claims to the territory short of 54 degrees 40 minutes of latitude between the Rocky mountains and the Pacific ocean.

Charcoal Eph's Philosophy. "I ain't got no use f' a whining man," said Charcoal Eph, in a rambling mood. "De Lawd made man f' t' fight an' cuss, an' woman f' weepin' an' lamentin'. Eat a prune, Mistah Jackson."—Richmond Times-Dispatch.

TOWN SELLS FOR \$1,572,507

Union Gardens, War Village Built by Ship Board, Is Knocked Down at Auction.

Wilmington, Del.—Union Gardens, a war village of 503 buildings erected by the United States shipping board, brought a total of \$1,572,507 at auction.

A flat bid of \$1,000,000 for the property by a New Brunswick (N. J.) syndicate was rejected. The houses then were sold singly and in groups. War-time tenants, still in occupancy, were given the privilege of buying their homes, and many availed themselves of the opportunity.

Dogs Trained Not to Bark. The dingo, or wild dog of Australia, neither barks nor growls in its wild state, but learns to do both when tamed and placed among domestic dogs. The Australian kelpies, the most prized of cattle dogs, which contain a strain of dingo blood, are trained never to bark.

May Dance at Otego. There will be a May dance at Fuller's Opera house Friday night, May 5. The famous Syncopators orchestra of Oneonta will furnish the music. Adv. 2t.

Trust the children to recognize what's good. Give them some fresh bread with plenty of delicious Hygrade Brand Butterine. We are willing to rest our case on their judgment. Adv. 2t.

STEWART'S LIFE ROMANCE BARED

Speedometer Man Really Was Terence O'Brien, One-Time Clipper of Horses.

ALSO WAS MINING PROSPECTOR

Litigation Over \$5,257,343 Estate Left by Manufacturer Leads to Baring of "Family Skeleton"—Eccentric About Money.

Chicago.—Litigation over the \$5,257,343 estate left by the late John K. Stewart, founder and president of the Stewart Manufacturing company and the Stewart-Warner Speedometer company, bared a "family skeleton." Search of records of the Surrogate court in Riverhead, L. I., in which one of the two wills made by the Chicago millionaire was filed, revealed that his name was really Terence O'Brien. Under this name he had been a mining prospector in the West, always without much success.

From prospecting O'Brien turned his hand to clipping horses, following county fairs. In Seattle he met Arthur and Michael Conlon. Together they invented a horse clipping machine. This contained a flexible shaft, which served as the basis of future automobile accessory appliances.

Soon Brings in Big Profits.

This shaft was patented by O'Brien by a lawyer named Stewart and soon it began to pay large profits. It was placed on the market as the John K. Stewart speedometer, the name of the lawyer furnishing part of the title and that of a race horse, "John K," furnishing the remainder.

O'Brien later decided to adopt as his own the name of the device he had placed on the market, and from that time on was known as John K. Stewart.

With the acquisition of his fair fortune O'Brien, now known as Stewart, left the West and moved to Chicago, introduced the speedometer and soon his wealth grew to great proportions. He purchased a residence at 3217 Sheridan road and bought a mansion at Center Point, L. I., to which he later moved with his wife and two daughters, Marion and Jean.

He was in his early forties when he died, leaving an estate of five to seven millions.

Both Stewart and his widow, who died nine months after him were eccentric in handling money. First a clerk in the office of the Speedometer company discovered some deposit slips on Chicago banks calling for \$1,500,000 which it was not known that Mr. Stewart possessed. This money was found in six banks and turned into the estate. Shortly afterwards Leonard H. La Chance, now chairman of the board of directors of the Stewart-Warner Speedometer company, and trustee of the Stewart estate, received a bill for \$750 for the rent of a safety deposit vault of which he knew nothing.

Daughters Get Estate.

In the safety deposit vault \$250,000 more was discovered. At another time a suitcase which Mrs. Stewart, who died in Allen, S. C., had left in a hotel there was opened and \$600,000 in currency, in \$5,000 and \$10,000 gold certificates rolled out. This suitcase also contained \$290,000 in certified checks. The suitcase had been carried around the country without more than the usual care.

The fortune left by Stewart was originally divided between his two daughters, but Jean died October 10 last, while still a child. Marion married Robert B. Honeyman Jr., of New York City, and inherited the entire estate.

It was her action in filing, through her father-in-law Robert B. Honeyman, a New York lawyer, a suit charging incompetence and general mismanagement of the estate, that led to the discovery of the romance of her father's career.

Largest Olive Tree.

Yuba City, Cal.—What is held to be the largest olive tree in the United States so far as known has been discovered by Deputy City Marshal Lee McGuire on the Roy Hull ranch, nine miles below this city.

The tree, which was planted about forty years ago, stands 36 feet in height, has a spread of 26 feet and 2 feet from the ground the trunk has a circumference of 6 feet 6 inches.

CLOSE U. S. HUNGARY RELIEF

Warm Letter of Thanks Sent by Cable to Secretary Hoover by President of Committee.

London.—Owing to the steadily improving food conditions in Hungary, the American relief administration has closed its offices. Stocks sufficient to carry the relief work up to next June have been left for distribution by the local committee, whose president, Prof. James Boksy, has sent the following cable to Herbert Hoover, chairman of the American relief administration:

"Permit me to convey on behalf of this suffering nation its undying gratitude for the noble humanitarian work which American under your esteemed leadership has extended to us in our hour of need. May you be given strength for continuation of your great world leadership."

Since August, 1921, when the American relief administration started operating in Hungary, 42,000,000 meals have been served and the total value of food and clothing distributed amounts to \$1,205,639.

Infant Grows More Teeth.

Duluth, Minn.—Physicians are marveling over the case of Alice Margaret, daughter of Mr. and Mrs. Matt Collins of Hinckley, Minn., who although less than a month old, has grown two sets of teeth. A dentist extracted two teeth from the infant's mouth two weeks after birth. Physicians examined the infant afterward and discovered two more teeth growing in the place of those extracted. The infant is reported to be normal otherwise.

How Arizona City Got Name.

Phoenix, Ariz., was built near the well-defined ruins of an ancient pueblo. Darrell Duppa, a scholar who was with the men who chose the spot, said: "Let us call it Phoenix, for here, upon the old, a new city shall rise," and told them of the bird in mythology called phoenix which arose from its own ashes.

Mean Much to Nature Lover.

The bird upon the tree utters the meaning of the wind—a voice of the grass and the wild flower, words of the green leaf; they speak through that slender tone. Nor is it necessary that it should be a song; a few short notes in the sharp spring morning are sufficient to stir the heart.—Jeffries.

Hedgehog and Porcupine.

The hedgehog and porcupine are entirely different families. The true hedgehog does not occur in this country. The porcupine is found in both the Old and New World. The old porcupine are terrestrial and fossorial, while the species found in this hemisphere are arboreal and not fossorial.
